PAY

Please email workshops@tcsconnect.org with questions, comments or requests.

The Children's School K-8

AFTER-SCHOOL WORKSHOPS

• FALL 2024 •

Dungeons & Dragons with Mr. K (Tues, Grades 4-8): Embark on epic quests, create your own character, and explore fantasy worlds in D&D! Just bring a pencil and your imagination. Priority may be given to older students.

Multi-Sport Madness with Legacy Sports (Tues: Grades 4-6, Wed: Grades K-3): Dive into the action with games like dodgeball, capture the flag, and more! Plus, try Legacy favorites like Hand Hockey and Illinois Jones. Non-stop fun awaits!

Introduction to Portraits with Slowfire (Tues, Grades 2-5): Unleash your inner artist! Explore portrait drawing, blending realistic and abstract styles with oil pastels, pencils, and paint. Create dynamic portraits inspired by Picasso's genius!

Dynamic Chess with Nexplore (Wed, Grades K-8): Whether a beginner or advanced player, your child will build their chess skills through tailored instruction and play. From mastering openings to learning famous games, students will level up from Pawn to King as they progress. All levels welcome!

Spanish with Nexplore (Wed, Grades 3-5): Ignite curiosity and boost language skills through games, songs, and activities! Students will learn greetings, vocabulary, and grammar while exploring the richness of different cultures. An exciting journey awaits!

Theatre Exploration with Actor's Garden (Wed, Grades 3-6): Whether you're new to the stage or a seasoned performer, join us for fun theatre games and improvisation! Led by TCS alum Paige Hudson, students will learn the basics of theatre through short stories and plays.

Kids Project (Mon-Fri, Grades K-5): Need after-school fun? Drop into Kids Project anytime until 6pm! Run by Chicago Danztheater Ensemble, this flexible program offers creative activities every day—dance on Mondays, theatre on Tuesdays, and visual arts/social-emotional learning from Wednesday to Friday. No sign-up needed; just come by, and billing is handled through TADS.
